With this move, the CARTA HD Group consolidates its Tokyo office functions, which were previously dispersed across two locations, Shibuya and Higashi-Ginza.

This move represents another important milestone for CCI, allowing us to reinforce our relationships with other companies within the group so as to continue to provide our clients with industry-leading digital communications solutions.

The new space also allows our employees to choose flexible working that is not necessarily restricted by location, while enabling the company to improve employee engagement and productivity, thereby achieving further growth and increasing corporate value.

Location and Directions

Our new office is located at Toranomom Hills Station Tower, 36th Floor, 2-6-1 Toranomom, Minato-ku, Tokyo, directly connected to Toranomom Hills Station on the Tokyo Metro Hibiya Line, or within a 7-minute walk from Toranomom Station on the Tokyo Metro Ginza Line through a connecting passageway. The new office will become fully operational on December 4, 2023.
